Strategic Plan March 2013

- **Vision:** All HIV+ people living fully productive lives free from stigma and discrimination.
- **Mission:** Peer support and advocacy for HIV+ people.
- **Goal:**
 - Be the leading support and advocacy network for people living with HIV.
 - Fearless in defending the rights of people living with HIV.
 - An effective lobby group in driving positive policy for people living with HIV

IS IT TIME TO TALK?

Prevention

Positive Prevention

There is now revolutionary and evidence-based confirmation that the risk of HIV transmission from people living with HIV on Antiretroviral Therapy (ART) with an undetectable viral load in their blood for at least 6 months is negligible.*

*So low as to not be worth considering; Insignificant. In the same CDC category as kissing.
